February 21, 2017

The Honorable Scott Pruitt
Administrator
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, N. W.
Washington, DC 20460

Dear Administrator Pruitt:

On behalf of the National Association of Clean Water Agencies (NACWA), the Water Environment Federation (WEF), the Water Environment & Reuse Foundation (WE&RF), the Water Research Foundation (WRF), and the WateReuse Association, I would like to invite you to address hundreds of water professionals from across the country during the *National Water Policy Fly-In*, March 21-22, here in Washington, DC. The *National Water Policy Fly-In* is the anchor event of *Water Week 2017*, March 19-25. We expect broad-based participation from the water sector throughout Water Week and are planning an agenda that features the latest legislative, regulatory, and legal clean water developments.

We hope you will accept this invitation to deliver the keynote address at the *Policy Fly-In* on the afternoon of Tuesday, March 21, at approximately 2pm Eastern. That afternoon is dedicated to hearing from EPA and other key federal agency representatives and we hope you can join us for that session. For planning purposes, we are also happy to work with your office to identify the best time for your address during the afternoon programming on March 21, between 2 and 5pm. We are certain that your thoughts and perspectives will contribute significantly to the *Policy Fly-In*, and hope you will be able to join us.

We look forward to hearing from your office soon regarding your availability. Should you have any questions regarding the agenda or your role, please contact NACWA's Chris Hornback via chornback@nacwa.org or at 202/833-9106.

I hope you will be able to participate and look forward to seeing you in March.

Sincerely,

Adam Krantz
NACWA Chief Executive Officer

The National Water Policy Fly-In is the anchor event of Water Week 2017 which has been made possible by the following organizations:

American Water Works Association    NACWA    US Water Alliance    Water Environment Federation
the water quality people®    WERF    Water Research Foundation®    WATEREUSE    WWEMA
